## LGBT Campus Facts You Should Know

Nearly 50% of all four year public and private colleges and universities in the United States have a LGBT and, or Ally campus group. The earliest of these LGBT campus groups date back to the late 1960s.<sup>1</sup>

As early as 1971, the first LGBT resource center was founded at University of Michigan. Today only 126 campuses have a LGBT office/center that works to create an open, welcoming place for LGBT students on campus.<sup>1</sup>

Only 600 four-year colleges and universities prohibit discrimination in campus policies on the basis of sexual orientation.<sup>2</sup> Approximately 50 campuses expressly prohibit discrimination on the basis of gender identity or expression by including the words in campus non-discrimination policies.<sup>3</sup>

90% of LGBT youth report being harassed or assaulted due to their sexual orientation or gender identity/expression before coming to college.<sup>4</sup>
