What is StandUp Day?

StandUp Day, held annually on November 14th, is a day of remembrance, a time to StandUp against bullying, and a time to celebrate the True Champions in our lives. Ben Cohen is known as one of the world’s best athletes and founder of the StandUp Foundation. November 14th marks the day when Ben’s father died as a result of violence inflicted upon him when he stood up for an employee who was being attacked. This day serves to promote the vision of the StandUp Foundation as a memorial for Ben’s father and all who have been lost to violence and hate.

1. AS A GROUP READ BEN COHEN’S MESSAGE BELOW:

“I stand up against bullying. Will you? I lost my own father to violence when he stood up for an employee who was being attacked. I’ve heard from many fans and friends how bullying has impacted their lives, and I am moved to make a difference for them. Parents have written to me, sharing painful stories about how their children, who might be perceived to be different, are ruthlessly attacked and scared of their own schools. It is time we stand up for what is right and support people who are being harmed. Every person on this planet has a right to be true to themselves, to love and be loved, and to be happy. I encourage others to stand up with me and make a difference.”
